

## Terms & Conditions - Bulka Bags:

### General Conditions:

1. **Additional charges:** a schedule of fees for additional charge items can be found in “**Annexure 1: Additional Charges**”.
2. **Delivery fees:** Each delivery is subject to the standard delivery fee. Vehicles have a maximum capacity of **seven (7) bulka bags** per trip. Orders exceeding 7 bags will require multiple trips, with a separate delivery fee payable for each. A single fee applies to all deliveries up to 7 bags.
3. **Site Access:** A minimum clearance of **4 metres** in height and **3 metres** in width is required for bulka bag delivery and collection. The drop-off/pick-up location must be free of overhead obstructions, including power lines. If these access requirements are not met, or if the driver deems the site unsafe or inaccessible for any reason, the customer will be liable for any associated costs, including but not limited to call-out fees, redelivery charges, or delays. Applicable charges are outlined in “**Annexure 1: Additional Charges**.”
4. **Unloading:** The customer is responsible for providing safe unloading conditions and suitable equipment (such as a crane, forklift, or Hiab). Lofts accepts no liability for delay, damage, or loss arising from inadequate or unsafe unloading arrangements.
5. **Cancellations and Variations:** If the material has already been bagged, cancellations or variations may be subject to a cancellation fee.

### Pricing Conditions:

1. All prices are **GST exclusive**.
2. Prices are subject to availability and increases in **supplier costs, fuel charges, and other industry or government levies**.
3. Quotations are valid for **90 days from the date stated**, unless otherwise agreed in writing.

### Annexure 2: Truck Capacity

The **maximum truck capacity** is **7 Bulka Bags** per delivery.

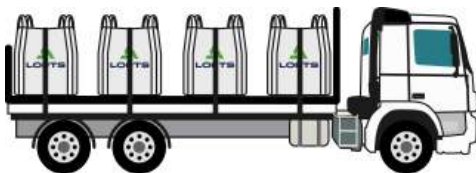

### Annexure 3: Pallets

- Pallets are **fully refundable** upon return, provided they are in good, usable condition.
- Based on availability, Lofts can arrange **free pallet collection** with the next scheduled delivery, or for an additional charge if there is no further delivery required (See Annexure 1 for charges).

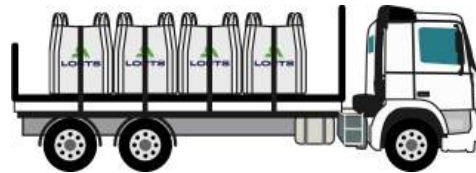

### Annexure 4: Spacing

- **Spacing is required** when a **cage** needs to be wrapped around the bulka bag and pallet.
- If you're using a crane without a cage, a Hiab, or a forklift, **no spacing is required** as the bags are lifted directly by their lifting loops.
